Dear Catherine Chacon,

You and your students may have been too busy to register for Study Buddy last quarter, but it's not too late to register now.

Your students just follow the steps below to register:

The most important information to share is **Your School's Registration Code:**  
**JWES**

1. Begin at the Study Buddy website: [www.studybuddyhelp.org](http://www.studybuddyhelp.org)
2. Click the green button on the top right corner of the homepage labeled: "NEW? Register for Study Buddy Here".
3. From the drop down menu choose option the "Student Interested in Receiving Homework Help".
4. Students will enter the School Registration Code: JWES
5. When prompted to verify the correct school, by clicking "Continue".
6. Fill in the requested information. Each student's e-mail address must be unique; students can't share email addresses or use their teacher's email address.
7. Click "Finish" and a Study Buddy online notebook is automatically created. Now, log into your Study Buddy notebook to work with a live tutor.

To begin working with a live tutor:

1. Visit our homepage [www.studybuddyhelp.org](http://www.studybuddyhelp.org)
2. Click the blue button labeled: Log In to Study Buddy Online Notebook.
3. Enter your email address and the password is your last name. You will be prompted to change your password to something more secure.
4. Click the button labeled: "Request a Tutor" at the top of the notebook to begin working with a live tutor.

Tutoring begins at 3:30 during the week, check our website for the tutoring times.

If you have any questions please email our team at [studybuddy@studybuddyhelp.org](mailto:studybuddy@studybuddyhelp.org)

Thank you,
